

Information for Grease Haulers

For the service areas of the Town of Castle Rock, Castle Pines Metropolitan District, Castle Pines North Metropolitan District, Silver Heights Water and Sanitation District and the Castleton Center Water and Sanitation District

Grease Hauler Registration:

All grease haulers are required to have a Grease Hauler Registration and must submit a complete application on an annual basis.

Applications are due by **March 1st** each year.

Grease Hauler Requirements:

All grease haulers are required to submit their Waste Grease Manifests (WG-2s) on a monthly basis. If WG-2's are not received by the 15th of the following month for two consecutive months, the grease hauler company will be removed from the approved Grease Hauler List and notifications will be sent to those customers that use the grease hauler company that they need to find someone else who is registered with PCWRA.

Please see PCWRA's Code of Rules and Regulations for complete requirements for Grease Haulers. They can be found on PCWRA's website at pcwracolorado.org.
